

# UM Physics Department

## Miami 2020 Physics Conference (Online)

**Name:** Ruth Daly

**Title:** New Black Hole Spin Determinations for over 750 Black Holes

**Abstract:**

The new method of determining black hole spins proposed and applied by Daly (2016) and Daly (2019) will be presented. Spin determinations of over 750 supermassive and 4 stellar-mass black holes will be presented and discussed.
